subject DynDNS.com Account Expiration Warning

reply ▾ reply all ▾ forward junk delete

Dear Valued Customer:

Your account at DynDNS.com is due to expire in 5 days. You can prevent your account from expiring here:

[https://www.dyndns.com/account/confirm/hawt24\\_t04jyhMfY0DuKuw](https://www.dyndns.com/account/confirm/hawt24_t04jyhMfY0DuKuw)

Why is my account expiring?

Inactive accounts are deleted after 30 days. An account is inactive when:

- \* You do not log into the account within a 30-day period
- \* You do not update any Dynamic DNS hostnames within a 30-day period

Visiting a Dynamic DNS hostname **\*does not\*** count as activity.

How can I keep my account active?

If you wish to keep your account active without logging in or updating hostnames every 30 days, you can purchase a Dynamic DNS Pro upgrade:

<http://www.dyndns.com/services/upgrades/>

If you do not need your account or do not remember what it is for, you may simply allow it to expire and recreate the account later.

Thank you for choosing DynDNS.com!

Sincerely,  
The DynDNS.com Team  
Dynamic Network Services Inc.
